                       Associate Architect / Project Management

Marlon Lynn Architect, PA provides a complete array of design services focusing on Retail, Hospitality and Commercial projects. Functions and responsibilities include:

Establishment of measurable goals/objectives for the architectural firm.
Analysis and evaluation of progress toward achievement of these goals/objectives, followed by adaptation of the business model changes to assure even greater success.
Identification and engagement of new clients.
Navigation of new clients through a comprehensive planning process that includes analysis of goals, objectives and challenges of the project, consideration of design alternatives, and confirmation of the final design.
Preparation of construction documents for bidding and permitting.
Comprehensive project management from conception to turn-key delivery of the project.
